SYNTHETIC DEMO RECORD - NOT REAL PATIENT DATA

IMAGING REPORT - CHEST RADIOGRAPH

Fictional record: DEMO-IMG-422

Study

Two-view chest radiograph | 2026-05-19

Findings

Cardiomediastinal silhouette is within normal size limits. No focal air-space opacity, pleural effusion, or pneumothorax is identified.

Impression

No acute cardiopulmonary abnormality in this fictional example.

For software testing only. Fictional educational sample; not medical advice.
