SYNTHETIC DEMO RECORD - NOT REAL PATIENT DATA

SYNTHETIC DISCHARGE SUMMARY

Fictional record: DEMO-DIS-509

Admission

2026-06-02 | Observation after a brief fainting episode while standing.

Workup

Electrocardiogram showed sinus rhythm. Orthostatic measurements showed a 18 mmHg systolic decrease on standing.

Discharge status

No recurrent fainting during observation. Discharged home in stable condition the next morning.

Instructions

Maintain usual fluids and arrange primary-care follow-up within one week. Return precautions were reviewed.
